

NIXA FIRE PROTECTION DISTRICT

301 South Nicholas Road Nixa, MO 65714
Business (417) 725-4025 Fax (417) 725-2393

Date: 05/21/2025

To Whom It May Concern,

The Nixa Fire Protection District is seeking sealed bids for a specific list of equipment items intended for a new pumper, which we anticipate receiving in the last quarter of 2025. These items have been selected by our Apparatus and Equipment Committee based on performance and to maintain consistency within our fleet. As a result, we are not requesting or considering comparable products or alternatives.

We understand that vendors receiving this equipment list may only carry some of the specified items. It is expected that most vendors will submit bids for only a portion of the list. Please submit bids only for the items you carry. If you choose not to bid on an item, it will be assumed that you do not supply that product.

Bid closing is scheduled for June 11, 2025, at 16:00.

Bids must include an itemized list of all items you are bidding on, along with any applicable shipping costs. Please also inform us of any known extended lead times, shipping delays, or supply chain issues that may affect delivery of items requiring more than 60 days.

The Nixa Fire Protection District reserves the right to reject any or all bids that do not meet the requirements outlined in this document. We also reserve the right to accept a partial list of items from each vendor's bid.

Bids may be mailed or delivered in person to:

Nixa Fire Protection District

301 S. Nicholas Rd.
Nixa, Missouri 65714

For detailed specifications, please visit our website under the *Pumper Equipment* section. If you have any questions regarding the bid or equipment list, please contact Battalion Chief Josh Donham at the email below.

Thank you for your time and consideration. We look forward to receiving your bid.

Respectfully,
Battalion Chief Josh Donham
